

THE JOHN ESTRELLA FOUNDATION FOR CANCER RESEARCH

August 5th, 2020

Let's try this again. *The John Estrella Foundation for Cancer Research* is pleased to announce that the **17th Fundraiser to Fight Kidney Cancer** has been rescheduled to **Monday October 5th, 2020** at the Ferncroft Country Club in Middleton, MA. Due to the pandemic our event will be scaled down for your safety to include **the John Estrella Memorial Golf Tournament and mail-in raffle**. We are asking for your support, any size donation will help us to continue our mission.

Cancer patients are our most vulnerable population, yet **research funding for cancer treatment is at its lowest level in a century**. As we are trying to resume life, getting research back up to speed is no easy task. COVID-19 has put us on track to lose 50% of research funds by the end of 2020.

This is a truly urgent time to invest in kidney cancer research. New breakthroughs are waiting on us!

Funds raised will benefit the following programs:

- **Research Grant** – given to a local scientist working to treat kidney cancer
- **Helping Hand Grants** – cancer patients apply for items not covered by insurance
- **Kidney Cancer Patient Update webinar** – on-line resource for kidney cancer patients

The John Estrella Foundation for Cancer Research is a 100% volunteer-run, 501c3 nonprofit organization whose mission is to: *Extend the lives of kidney cancer patients by support, awareness & funding cutting edge research.*
